

MICEKART.COM PRESENTS

HALT NO MORE.

in collaboration with NOVOTEL, CANDOLIM

TRAVELLING IN THE NEW NORMAL.

OUR DISCUSSION POINTS

With travel having opened up, it brings along a refreshing and welcome change from the monotony of the previous months. Being rightly informed and taking all the adequate measures, we can together assure our guests, an unhindered and successful trip.

A major imbalance between work and personal life, has led to a great deal of stress and the concept of “Work from Home” is now “Living at work”. Travelling would be a natural stress buster for the nerves.

With hotels geared to open, all over the country, this is a great time to put the pedal to the metal and kick start MICE travel, within the country! With the right precautions in place and the right deals in the bag, we give our guests, opportunities to break out of the routine!

ACCORDING TO EXPERTS, THE RISK OF CATCHING THE CORONAVIRUS ON A PLANE IS RELATIVELY LOW IF THE AIRLINE AND PASSENGERS ARE FOLLOWING THE PROCEDURES LAID OUT BY PUBLIC HEALTH EXPERTS: ENFORCING MASK COMPLIANCE, SPACING OUT AVAILABLE SEATS AND SCREENING FOR SICK PASSENGERS.

0.01%

(CHANCES OF CONTRACTING THE VIRUS BY FLIGHT):
CLICK HERE TO READ THE WHOLE ARTICLE

Airlines and commercial planes are equipped with HEPA filters, These filters capture 99.97% of airborne particles and substantially reduce the risk of viral spread.

In addition, the air in plane cabins is completely changed over 10 to 12 times per hour, raising the air quality above that of a normal building.

Because of the high rate of exchanged air, the chances of contracting the virus, are highly unlikely.

OUR MOTIVE.

We are here to plan your next event or a getaway with the necessary precautions and with utmost safety. In the current situation, all of us are inevitably trapped because of the pandemic and one of the greatest luxuries of our lives, is on the back burner. However, we say our lives don't have to be kept on hold. We are taking the right initiatives to deal with this problem, with absolute expertise.

We have worked assiduously to hammer out an action plan, where we bring to you the best-in-class hospitality chains, who are following top-of-the-line safety and hygiene standards. You can stay rest assured about the state-of-the-art hotel operations that actively monitor and evolve solutions to ensure a continued focus on the health and safety of our guests.

WHY NOVOTEL?

Welcoming, safe guarding and protecting, is the very essence of what the Accor group is and what they do.

- As their hotels have re-opened, they have gone even further with the implementation of hygiene and safety measures that draw on their long standing experiences and best practices.
- The staff has been extensively trained on safety, hygiene as per the ALLSAFE guidelines to ensure guest's wellbeing and delight, every time.
- Accor has now established some of the most stringent cleaning standards and operational procedures, in the world of Hospitality, which is vetted by BUREAU VERITAS, a leader in Testing, Inspection and Certification.
- An enhanced cleaning program, using hospital grade cleaning materials, is now part of Accor's standards, across all hotels.
- ALLSAFE Officers appointed, who are responsible for guest health and wellbeing. (Novotel Goa Candolim; Rakshit Jangwan: 8408887498 and Novotel Resort and Spa; Yojan Das: 8408887555)
- They have implemented guest temperature measurement practices, disinfectant mats at the hotel entrances as well as partitions at front desk. Surfaces, fittings, fixtures, furniture, equipment, stationery, vehicles, cutlery, crockery, linen and laundry are religiously disinfected at regular intervals or upon every use.

Goa is now ready to welcome tourists from all over the country, as hotels and restaurants have now been permitted to resume their operations.

FEW OF THE MANY AIRLINES' PRECAUTIONS.

1

A-Z DISINFECTION

Airlines are sanitising and disinfecting all surface touchpoints. This includes baggage drop counters, boarding gates, wheelchairs, coaches, aircraft, crew vehicles, ramps - everything.

3

CONTACT-LESS TRAVEL

Airlines have minimised physical contact on all journeys. They encourage to pre-book, and pay for, all additional services online which is well taken care of by us.

2

TEMPERATURE SCREENING

Temperature will be checked at the airport entrance and boarding gate - using non-contact thermal screening devices. All our staff will undergo the same screening procedure.

4

PROTECTIVE EQUIPMENT

All airport staff and crew members are geared with PPE kits appropriate for their role. They periodically sanitise their hands for your safety and well-being.

FEW OF THE MANY PRECAUTIONS TAKEN BY BUS SERVICE PROVIDERS.

1

SANITISED BUSES

All our buses are deep cleaned and disinfected before and after every trip with approved disinfectants and sanitizers.

3

REGULAR TEMPERATURE CHECKS

The bus drivers and service personnel are subject to temperature checks before every trip.

2

NO BLANKET / LINEN

For the passengers safety, the bus shall not be providing any blankets or linens. The Passengers are requested to carry their own.

4

PASSENGERS THERMAL SCREENING

All passengers will be subject to thermal screening in order to allow only asymptomatic people to travel
