Virtual Event Solutions

The Best In Class Virtual Experience

Why : Virtual Solutions?

ANSWER : TO ESTABLISH CONTINUITY

Given the current scenario and understanding the need of conducting engagement programmes, business meeting, conferences, RnR's, we bring to you virtual solutions to continue all of it in a very effective manner.

In the time of economic challenges this becomes a cost effective way to engage with your internal and external customers.

Leverage our technological expertise and continue to conduct your meetings, conferences, RnR's, entertainment events etc. with our extensive virtual solutions

How
Do We
Do This?

VIRTUAL EVENTS ARE
THE MOST EFFECTIVE,
WHEN THE AUDIENCE IS
ENGAGED AT EVERY STEP

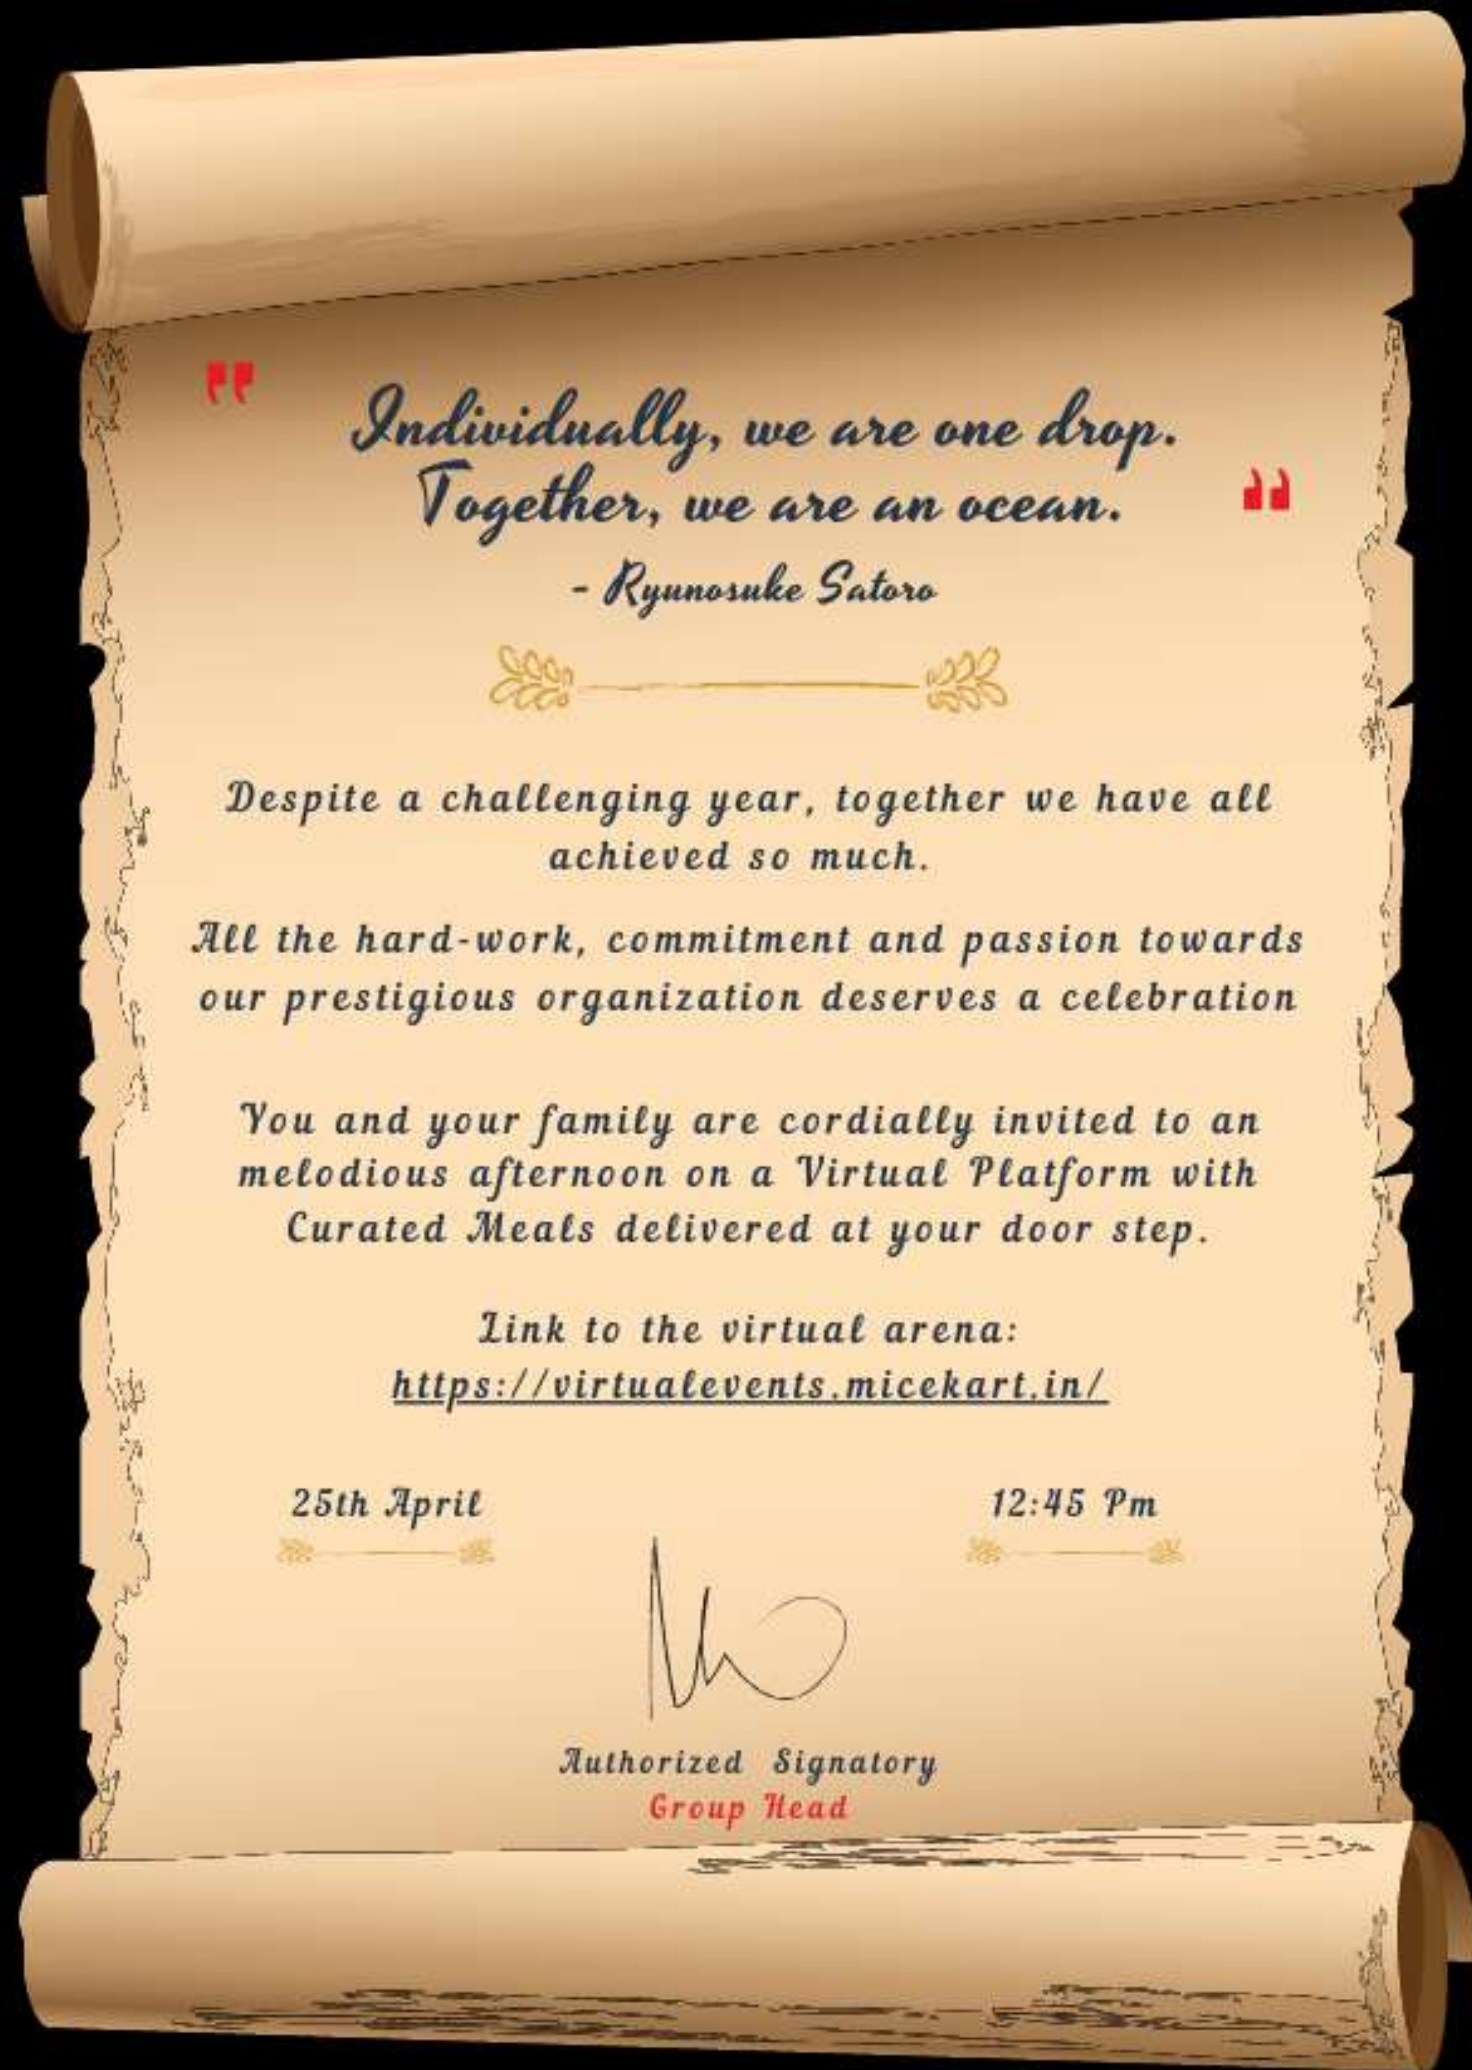

Pre-Event Invitations

Digital Invites help create the best impact even before the event starts.

It gives a sense of excitement and hype for the delegates.

These digital invites can go in the form of WhatsApp Messages or Emailers and can be designed in any format.

For Example, the picture demonstrates A Digital Farman, for a rustic look and feel.

Virtual Arena / Virtual Platform

A completely customised platform with immersive and interactive user interface. A feature rich platform competent enough for 1000+ audience at one point of time with Engagement options like photobooth, flash games, auditorium, networking lounge, meeting rooms, exhibition, help desk etc. A virtual Arena is a great way to market the brand and it's products

PLATFORM SECURITY

The audience can log in to the platform in three ways depending on the option chosen based on requirement and ease of user

PRE - REGISTRATION

The platform can be kept open 2-3 days before the event starts, for everyone to pre register and generate their own login ID and passwords

LOGIN ID & PASSWORD

We can generate Login ID and passwords for all the user in the back end and send it out to everyone a day before the event

OPEN PLATFORM

In this case, the platform is kept open for everyone. Anyone can login with an email ID. However a analytics sheet can be provided after the event to track down who all had entered the platform.

3D Stage / 2D Stage / Animated Background

A 3D / 2D stage or Animated Background help make an event look grand and helps in branding and marketing of the firm. All these are created graphically hence the options become endless and unique. Many additions like a fancy stage reveal, 3D Logo Animation, Custom animations play an important role making a virtual event effective.

EMCEE

EMCEE coordinates and manages the the event and make it engaging for all the audiences throughout the event time.

An EMCEE introduces the speakers or any particular spokesperson of the event to the audience.

They are spontaneous and play a significant role in creating a better flow during the event giving a very professional and glamorous tone to the event.

TIME SLOTS FOR KEY-NOTE SPEAKERS

All the key note speakers can be briefed about the platform and the back end before hand for the best results.

The slots and the flow of the event can be defined and accommodated as per their availability.

The Key-Note can also be assisted with Green Screen Set-up if required.

We understand technical part of any virtual Event can be a tricky hence we make it simpler for everyone

Entertainment Filler Options

An entertainment option engages the audience the best as they get to sit with their family and enjoy the program

Options can be provided as per the category chosen

01

Sand Artiste for launch of products, campaigns & ideas

02

Illusionist / Mentalist for performing mind-boggling tricks for the audience

03

Singer / Band for a musical touch to evening taking requests from the audience

04

DJ for a fun evening

05

Bartender for fun-filled evening and learning to make cocktails / mocktails

06

Stand-up comedian to make the audience laugh and entertained

5* Curated Meal / Hamper Door-Step Delivery

While our virtual event solutions engage the audience very well, but a personalized meal / hamper sent to the delegates residences takes the excitement up a notch. A curated meal / hamper sent at their doorsteps by India's top 5* Hotel Chains brings in joy and amazement. They get to enjoy the program with their families whilst relishing their meal

TO SUM IT UP.....

END TO END VIRTUAL EVENT SOLUTIONS : SMART M.I.C.E PLANNING
