# Overview

**South Africa** has three capital cities, with the executive, judicial and legislative branches of government based in Pretoria, Bloemfontein, and Cape Town respectively. The largest city is Johannesburg.

The South African rand, or simply the rand, is the official currency of the Southern African Common Monetary Area: South Africa, Namibia, Lesotho and Eswatini. It is subdivided into 100 cents.

Cape Town is a port city on South Africa's southwest coast, on a peninsula beneath the imposing Table Mountain. Slowly rotating cable cars climb to the mountain's flat top, from which there are sweeping views of the city, the busy harbor and boats heading for Robben Island, the notorious prison that once held Nelson Mandela, which is now a living museum.
